iPod Touch for Podcasts and Vodcasts

You can now listen to podcasts and watch videos in the fields of Computer Science and Engineering! Simply proceed to The Learning Commons, accomplish the equipment request slip (orange slip), then leave your duly-countersigned ID and you'll be able to listen and watch the podcasts and vodcasts available in the iPod Touch units provided for the service.

Kindle reader for E-books

Your favorite E-book reader is now available at The Learning Commons. Read titles from CS, and EEE engineering. You can access the kindle reader by accomplishing the equipment request slip (orange slip) available at The Learning Commons, present it together with your counter-signed ID.

ERG Discussion room

The ERG discussion room is the place to discuss assignments, researches, and projects. This facility serves as a venue for student interaction. To use this facility, you must present your countersigned UP ID and log-in at the logbook provided at the entrance. You can also reserve online! Visit our website at <http://www.engglib2.upd.edu.ph> and accomplish the online form provided.

The Learning Commons

TLC is a dedicated facility for the exclusive use of students and faculty of the College of Engineering. It is a one-stop shop venue for academic digital resources and services, with modern equipment available in support and promotion of collaborative learning.

Collaborative Workstations

TLC provides 5 workstations to accommodate 3-5 persons per workstation, each giving you the privilege to install environments, compilers, and tools necessary for your team projects. This facility is ideal for working on group presentations, machine problems, etc. Just present your group's counter-signed IDs at the counter.

Multimedia room*

The Multimedia Room located at The Learning Commons, is a 40-seater room, equipped with a 46-inch LED TV, an entertainment system with 5.1 surround sound, electronic interactive whiteboard, and an LCD projector ideal for an interactive classroom discussion.

**For Faculty use only*

DOST Reading room*

The DOST Reading Room is a special reading area in the Serials Section dedicated for the use of faculty and graduate students. The room holds a small collection of DOST publications, and is equipped with round tables and comfortable chairs. Free brewed coffee is also offered to members of the faculty who stay there to do their reading or small group discussion.

**For Faculty use only*
